PERSONAL PROJECTS · Barcelona, 2024 - Present

End-to-end development of applications to solidify modern stack expertise (React, Next.js, Vue.js, TypeScript), focused on accessibility and production deployment (Vercel).

- **Avocato** (<https://avocato-ia.vercel.app>) · Nutritional tracking app built with Vue 3 and Pinia. Includes a custom design system and an AI recipe generator (Groq).
- **TripTailor** (<https://triptailor-ai.vercel.app>) · Travel recommendation tool developed with Next.js. Integrates OpenAI and REST Countries APIs; data management with SWR.
- **Prompt Composer** (<https://prompt-composer-ai.vercel.app>) · Prompt manager built with Next.js and TypeScript. Features Firebase authentication and data persistence with Firestore.
- **FemShop** (<https://femshop-nu.vercel.app>) · -commerce prototype created with Vue.js, mock data, and Tailwind CSS.

PROFESSIONAL EXPERIENCE

Web Content & CMS Specialist · VISTAPRINT · Barcelona, 2020-2024

Managed the creation, optimization, and administration of digital content and web pages, collaborating with cross-functional technical and business teams.

- Built and deployed pages from scratch using Contentful CMS and existing frontend component libraries.
- Executed technical SEO strategies to improve organic positioning and search visibility for new pages.
- Conducted A/B testing to validate UI enhancements and optimize content performance.
- Led troubleshooting and debugging efforts to resolve UI inconsistencies, CMS rendering errors, and platform issues, collaborating closely with frontend, SEO, and design teams.
- Managed cross-platform product launches and continuous content updates. Optimized digital merchandising to enhance user experience and maximize product visibility.

Webmaster & Frontend Specialist · VISTAPRINT · Barcelona, 2017-2020

Led the complete redesign and maintenance of the Promotique corporate website using a proprietary CMS.

- Comprehensive improvement of metrics: aesthetic impact, SEO, load speed, and conversion rate.
- Developed and maintained UX-optimized landing pages using HTML5, jQuery, Bootstrap, and CSS3 with pixel-perfect and responsive finishes.
- Worked closely with SEO, Design, and Backend teams to ensure technical and visual robustness.

Front-End Developer · ROIBACK · Barcelona, 2016

- Developed and coded hotel websites with a Mobile-First approach using Django, HTML5, and SASS.

Webmaster & Front End Developer · MST HOLDING · Barcelona, 2014-2015

- Took full ownership of the end-to-end development of the C3 Consulting and e-Alicia portals using WordPress, PHP, and MySQL.
- Responsive coding of newsletters, landing pages, and SEO optimization.

Web Layout Manager · ZIGURAT · Barcelona, 2006-2010

- Coordinated and trained the web layout team while designing custom CSS templates for Moodle and Cype Ingenieros online courses.
- Produced corporate banners and managed video editing and streaming for e-learning content.
- Executed web optimization strategies and managed digital marketing campaigns across Google AdWords, Facebook, and LinkedIn.
